

## **YOUR SEAMLESS FODDER FLOW SOLUTION FROM A SINGLE SOURCE**

Our forage crops offer high productivity, carrying capacity and palatability for a range of livestock production systems – from beef and dairy cattle to sheep production as well as finishing off weaners and lambs. The exceptional package includes annual ryegrass, perennial ryegrass, Japanese radish, oats, triticale, stouling rye, forage sorghum, teff and lucerne.

**STEADFAST IN OUR COMMITMENT TO YOU, THE FARMER.**
